### Declaration

As an importer of Energy Storage Devices for the Australian market, I will (Please Tick):

- ☒ Abide by the Terms and Conditions for listing an energy storage device on the Clean Energy Council (CEC) approved product list. Refer to: <https://www.cleanenergycouncil.org.au/industry/products/terms-and-conditions/energy-storage-device-terms-and-conditions> and (For BESS Products) <https://www.cleanenergycouncil.org.au/industry/products/terms-and-conditions/inverter-terms-and-conditions>

- ☒ Ensure my products are compliant with all relevant requirements as specified by Australian standards, regulations and legislation
- ☒ Expect that my product could be the subject of a testing program and will sell stock products for testing
- ☒ Understand that non-conformances with certification could lead to removal from the CEC approved product list
- ☒ Include full disclosure of country of manufacture in my customer documentation
- ☒ Maintain a public website which provides access to customer documentation (datasheet, install manual and warranty) as provided to CEC by the manufacturer.
